Inspired by the story of actual passengers on the ill-fated Lusitania, this is a novel of great adventure and suspense, including graphic novel-style illustrations. Avis Dolphin doesn't want to leave New York and sail to England on the Lusitania. War is raging in Europe, and the Germans threaten to sink the ship. Avis is lonely and afraid until she meets a kindly professor whose stories of a magical island help her face an uncertain future. When the Lusitania is attacked, Avis must draw on all her newfound strength to cope with the confusion, terror and despair. How can she survive the sudden devastation of the ship? Will the people she cares about, especially the professor, live through the horror and danger? The immediacy of Frieda Wishinsky's voice will engage readers in this thrilling story based on real events. They will identify with Avis and Professor Holbourn as they grapple with a stubborn captain, encounter German stowaways and contend with the feud between Avis's two cabin mates. In an atmosphere of growing anxiety, readers will be glued to the dramatic events as they unfold and the surprising fate of the people they have come to know. Willow Dawson's art depicts the stories the professor tells Avis in enchanting graphic-novel form. They provide a riveting magical element to the story, creating a story-within-a-story. When a freak avalanche strikes and traps Alex, Ben and Owen in deep, immobilizing snow, Alex must keep it together enough to free himself and save the other boys. Will they survive?
