The composition of the Torah was a process that involved multiple authors over an extended period of time. While Jewish tradition holds that all five books were originally written by Moses sometime in the 2nd millennium BCE, by the 17th century leading scholars had rejected Mosaic authorship. The precise process by which the Torah was composed, the number of authors involved, and the date of each author remain hotly contested among scholars. Some scholars espouse a fragmentary hypothesis, in whi

The word "authorship," like "ownership" or "professorship," reflects an appropriate and necessary connection between authors and their texts. First used in 1710, the concept of authorship is a relatively recent invention. To understand how constructed the concept is--not commonsensical or inevitable but a complex reflection of contemporary culture--requires a look at the Middle Ages, its reverence for authority, reliance on scriptoria for copies of manuscripts, and the development of such ...

In writing, composition refers to the way a writer structures a piece of writing. The four modes of composition, which were codified in the late 19th century, are description, narration, exposition, and argumentation. Good writing can include elements of multiple modes of composition.

What Is Composition? Definition, Types, and Examples

Ancient authors and readers did not work with manuscripts the way we work with printed texts. It is thus all too easy to fall into anachronistic assumptions about how the Gospels were written. Writing the Gospels challenges such assumptions in the light of recent work on ancient media studies and suggests more appropriate models for the composition of the New Testament Gospels.
