Economyths by Orrell, David (ebook)
It questions traditional economics, and while it's not a lone voice these days it won't find favour with the rich and powerful. Chapter 8 is particularly good, questioning growth and emphasising that we have only one earth, only one store of resources, far too much waste and a growing population.

Economyths: 11 Ways Economics Gets It Wrong: Orrell, David
When Economyths was first published in 2010, David Orrell showed how mainstream economics is based on key myths such as fair competition, rational behaviour, stability and eternal growth - and how these myths lead paradoxically to their opposites: inequality, an irrational economy, financial instability and a collision with nature's limits. Since then, we've had Occupy,... Read more >
