Developmentally appropriate

gardening programs base

Online Library Gardening With Young Children Early

Years activities on sound principles of child development and learning. These principles are based on years of extensive research with young children and are used by professionals in the field of early education. While many current gardening books on the market provide a variety of different types of activities, they give very little support to teachers or horticulturists on how to understand the developmental needs of children and how to ...

Gardening with children is

Online Library Gardening With Young Children Early

Years Like most sensory experiences with three and four year-olds. It's messy, it's chaotic, and the more children you add to the scenario, the more instruction goes out the window and you just hope something is getting through. The amazing thing is that something always does.

communityplaythings.com - Gardening with Children
Give children their own garden space. (This does not have to be big. You can start with a large container or a few pots.) Involve older children in the planning and design of the

Online Library Gardening With Young Children Early

Years garden. Use lightweight, easy-to-handle, correct-sized tools and garden equipment. Encourage children to dig in the dirt. (Younger children love making mud pies)

*Gardening for children -
Better Health Channel*

Other gardeners with young children often raise their beds in boxes to make a visual "keep out," Since we avoided this, our vegetable beds in the garden must stand out (for feet). We used bark to accomplish this, as it made the walking paths a different color and texture).
