Chapter 11 - Human Resource Management [Book]

Human resource management is the organizational function that manages all issues related to the people in an organization. That includes but is not limited to compensation, recruitment and hiring, performance management, organization development, safety, wellness, benefits, employee motivation, communication, policy administration, and training.

Human Resource Management provides readers with a complete, comprehensive review of essential personnel

courses in Human Resource Management. Foundations in Management Beyond the HR Department Fundamentals of Human Resources Management supports human resources training for all students of management--not just HR managers. The text presents a wide range of HR topics within a single semester of material, and a wealth of functional examples and applications. Fundamentals is also the first text of its kind to make talent management processes a core study. This Fourth Edition has been updated with practical personnel techniques, real company examples, and new material on business sustainability--and each chapter now touches on important recurring themes in management, including employee engagement tactics, small/global business management, employment law

text also provides practical content to current and aspiring industry professionals. Fundamentals of Human Resource Management covers a wide range of HR topics and shows readers the importance of human resource management within the restraints of a compact semester. Offering a wealth of functional examples and applications, this text emphasizes the notion that all managers need basic human resource management skills. This edition is the first text on the market to build its core around the talent management process--which the author defines as the goal-oriented and integrated process of planning, recruiting, developing, managing, and compensating employees.
