□The conception of culture and philosophy□s role within it developed in this work permits interesting formulations of a number of important issues and concepts: the relations between the utopian and utilitarian functions of philosophic theory; the character of the aesthetic and mystical sensibilities; the meaning and function of metaphor and of irony; the value of theoretical consensus; the nature of philosophic communication; and the distinctive relation of Plato and Socrates as a model for philosophic activity.□ □ David L. Hall With Eros and Irony, David Hall re-evaluates the cultural role of philosophy, probing to the very heart of questions in epistemology, metaphysics, and philosophy of culture. Two central arguments structure the book: the first is that in modern culture the autonomy of the aesthetic and religious sensibilities has been seriously qualified by an overemphasis on narrowly rational moral interests. The second is that philosophic activity must be construed in terms of two conflicting elements: the desire for completeness of understanding, and the failure to achieve such understanding. Hall provides a historical survey of philosophic thought, encompassing Plato, Kant, Wittgenstein, Heidegger, and Whitehead. He also avails himself of sources outside of philosophy, in such diverse fields as poetry, psychology, physics, and Eastern religion, to create a work that not only addresses key issues in philosophy, but also has deep implications for science, art, religion, morality, and cultural self-understanding.

Reveals the intimate connection between beauty and the philosophical life

For our very survival and sanity, we need God. We need virtue. We need character. The good person brings good things out of a good treasure, and the evil person brings evil thing out of an evil treasure (Matthew 12:35). Godly people make all the difference in the world by striving to match the politics of the earth with the politics of the kingdom of God. By talking about uncovering the healing power of faith, hope, love, and prayer, this book uncovers at the same time the secret of sanitythe sanity that runs our lives at the individual level, as well as at the national and international levels. Sanity requires the rejection of the gods weve created by learning to focus on the God in whose image weve been created. Billions of dollars are spent every year on the pursuit of physical perfection. People do anything to become richer, more powerful, or more prestigiouswith improved appearances and more pleasing makeup in all domains as if the only value that really counts is the most attractive picture we are able to show. In this very expensive race for the outside perfect masks, the pursuit of inner beauty can often be pushed aside when this inner beauty is by far more important than the outer beauty. Dont we know that the Lord does not see as mortals see; they look on the outward appearance, but the Lord looks on the heart (1

Samuel 16:7)? In this book, *Heal Your Life: Awakening to the Power of FaithHopeLovePrayer*, Dr. Maalouf masterly invites us to reject the double lifestyle we are living and to genuinely consider living by the truth of the permeation and integration of theology and politics. Politics, Pope Paul VI declared, is the highest form of charity. And we can add that charity is the highest form of political sanity as well. Indeed, real politics takes action and contemplation. All our crises are rooted in our spiritual crisis first. For our sanity and survival, God is needed. For our sanity and survival, the politics of the earth should match the politics of the kingdom of God, as this book explains.

The tides have changed. Beneath the burning-sea, a voice is calling. Who will follow it? Separated from the Lawless Child and pursued by a monstrous Ki'rayh, Jarvis and his companions—the Messenger Hunter Titus and Kattamont prince Aldryn, host to the volatile wind-god, Khamsin—are in a desperate race across the expanses of the burning-sea to reach the House of Flames before Coltarian erupts. For Human-machine hybrid Jarvis, his mission to deliver the vital Map-piece to the Key takes precedence over all else... except when his will is overridden by his protector-bot, programmed to respond to every distress signal. With the cries from the deep impossible to ignore, can his companions keep Jarvis from jeopardising his mission, his sanity, and his life? Jarvis has left his beloved Ki'b behind on the Lawless Child—safe with Denvy, Clive, and Penny... or so he believes. But, without the advantage of Khamsin's winds, the misfit crew of the Lawless Child is forced to fight for their lives as every Pride in the area homes in on the ship of the Outlaw Queen Zafiashid. Can Denvy the legendary Gold Lion face his fears to save those he loves, or will he have to add their names to the scores of deaths he holds himself responsible for? Will the terrifying secrets of the burning-sea consume them all?

A repackaged edition of the revered author's classic work that examines the four types of human love: affection, friendship, erotic love, and the love of God—part of the C. S. Lewis Signature Classics series. C.S. Lewis—the great British writer, scholar, lay theologian, broadcaster, Christian apologist, and bestselling author of *Mere Christianity*, *The Screwtape Letters*, *The Great Divorce*, *The Chronicles of Narnia*, and many other beloved classics—contemplates the essence of love and how it works in our daily lives in one of his most famous works of nonfiction. Lewis examines four varieties of human love: affection, the most basic form; friendship, the rarest and perhaps most insightful; Eros, passionate love; charity, the greatest and least selfish. Throughout this compassionate and reasoned study, he encourages readers to open themselves to all forms of love—the key to understanding that brings us closer to God.

Eros Corazza presents a fascinating investigation of the role that indexicals (e.g. 'I', 'she', 'this', 'today', 'here') play in our thought. Indexicality is crucial to the understanding of such puzzling issues as the nature of the self, the nature of perception, social interaction, psychological pathologies, and psychological development. Corazza draws on work from philosophy, linguistics, and psychology to illuminate this key aspect of the relation between mind and world. By highlighting how indexical thoughts are irreducible and intrinsically perspectival, Corazza shows how we can depict someone else's indexical thought from a third-person perspective. The phenomenon of quasi-indexicality is introduced here: to represent Jane saying, "I am prosperous", we use what Castañeda termed a quasi-indicator in a report of the form "Jane said that she (herself) is prosperous". Corazza argues that quasi-indicators play such an important role in our linguistic, social, and psychological life that they have a cognitive primacy over other mechanisms of reference. Quasi-indexicality also emerges as a key notion when we come to consider our ability to understand other minds. Corazza argues that indexicality and quasi-indexicality are two sides of the same coin, best understood within the framework of direct reference.

Challenging previous interpretations of Levinas that gloss over his use of the feminine or show how he overlooks questions raised by feminists, Claire Elise Katz explores the powerful and productive links between the feminine and religion in Levinas's work. Rather than viewing the feminine as a metaphor with no significance for women or as a means to reinforce traditional stereotypes, Katz goes beyond questions of sexual difference to reach a more profound understanding of the role of the feminine in Levinas's conception of ethical responsibility. She combines feminist interpretations of Levinas with interpretations that focus on his Jewish writings to reveal that the feminine provides an important bridge between his philosophy and his Judaism. Katz's reading of Levinas's conception of the feminine against the backdrop of discussions of women of the Hebrew bible points to important shifts in contemporary philosophy toward the creation of life and care for the other.
