Following the Pulitzer prize-winning collection Stag's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

"One icy winter's evening in Budapest, a man runs straight into John Taylor as he walks home through the narrow streets. John falls over into the snow and looks up at the man's face. 'I felt very afraid. Because what I saw was me. My face looking down at me. My mouth saying sorry.' Who is the man, and how will John's life change?"

A collection of 18 short vampire tales.

In Mordin On Time, Nick Mordin sets out his method for answering the most fundamental question facing punters in any race, namely: which is the fastest horse? He was timing the sections of races with a stop watch, estimating wind strength and direction, adjusting for movements of running rails, using projected times and calculating average times years before the best-selling American books on speed rating were published. This new edition incorporates much new material, including standard times for all Irish racecourses (plus the major French ones). Mordin On Time enables the reader to construct their own speed ratings wherever they live.

In COLLEGE MATHEMATICS FOR THE MANAGERIAL, LIFE, AND SOCIAL SCIENCES, Soo T. Tan provides an accessible yet accurate presentation of mathematics combined with just the right balance of applications, pedagogy, and technology to help students succeed in the course. The new Sixth Edition includes highly interesting current applications and exercises to help stimulate student motivation. An exciting new array of supplements provides students with extensive learning support so instructors will have more time to focus on teaching core concepts.

Mazes, puzzles, riddles, and word games for hours of mind-boggling fun.

Ah, the trusty penis. The cock, knob, widge, pink python, groin bollard - call it what you will, this is one part of the male anatomy that never ceases to provide endless fascination and frequently mirth. Half the population have one and the other half, so Freud would have us believe, would like to. And yet still our flaccid friend is so often misunderstood. The Penis Book seeks to redress the balance, exposing all (quite literally) there is to know about the honourable member. Throbbing with facts, figures, photos and illustrations, the book leaves no foreskin unturned in its quest to bring you the low-down on its subject. Told with wit, vim and lashings of wicked humour, even the most prudish won't be able to resist raising a smile (and perhaps something else). The Penis Book is a celebration of the male member in all its purple-helmeted glory. So whether you're male or female, straight or gay, you'll find something in here to titillate and stimulate...

Presents Islamic stories that offer a background in Islamic traditions, folk tales, and mystical verse.
