The human biases that can operate in performance appraisal mean that it is difficult to obtain accurate data from the use of traditional rating scale techniques. (i.e. marking each appraisee on a Likert-type scale for their performance against a series of attributes). However, designing different rating scales can help to improve their psychometric properties.

~~Unit 5: Performance Appraisal— University of Leicester~~

Rating scales on employee performance reviews often get a bad rap. They are viewed as being impersonal, inaccurate, and lacking in nuance when it comes to evaluating employee performance. While these are valid concerns, the problems with rating scales tend to stem from bad
