Work with the powerful subscription software, Office 365 to increase your organization's efficiency by managing file sharing, email exchange and much more. Key Features Become well versed with Office 365 and leverage its capabilities for your business Speed up your workflow and effectively collaborate using Office Web Apps Learn to set audio and web conferences and seamlessly access your workspace Book Description Microsoft Office 365 combines the popular Office suite with next-generation cloud computing capabilities. With this user guide, you'll be able to implement its software features for effective business communication and collaboration. This book begins by providing you with a quick introduction to the user interface (UI) and the most commonly used features of Office 365. After covering the core aspects of this suite, you'll learn how to perform various email functions via Exchange. Next, you will learn how to communicate using Skype for Business and Microsoft Teams. To boost your productivity, this book will help you learn everything from using instant messaging to conducting audio and web conferences, and even accessing business information from any location. In the final chapters, you will learn to work in a systematic style using file management and collaboration with OneDrive for Business using SharePoint. By the end of this book, you'll be equipped with the knowledge you need to take full advantage of Office 365 and level up your organization's productivity. What you will learn Understand the UI of Office 365 Perform a variety of email functions through Exchange Communicate using Skype for Business and Microsoft Teams Explore file management using OneDrive for Business Collaborate using SharePoint Understand how to leverage Office 365 in your daily tasks Who this book is for If you are an IT professional who wants to upgrade your traditional Office suite, this book is for you. Users looking to learn, configure, manage, and maintain an Office 365 environment in their organization will also find this book useful. Some understanding of Microsoft Office Suite and cloud computing basics will be beneficial.

Maximize the impact and precision of your message! Now in its fourth edition, the Microsoft Manual of Style provides essential guidance to content creators, journalists, technical writers, editors, and everyone else who writes about computer technology. Direct from the Editorial Style Board at Microsoft—you get a comprehensive glossary of both general technology terms and those specific to Microsoft; clear, concise usage and style guidelines with helpful examples and alternatives; guidance on grammar, tone, and voice; and best practices for writing content for the web, optimizing for accessibility, and communicating to a worldwide audience. Fully updated and optimized for ease of use, the Microsoft Manual of Style is designed to help you communicate clearly, consistently, and accurately about technical topics—across a range of audiences and media.

Book + Content Update Program My Office 2016 introduces readers to this new version of the suite and shows them how to get the most out of the apps. The book clearly explains what to expect from the new version of Office, what the program limitations are, and discusses best practices for using the apps. My Office 2016 teaches readers how to use Word, Excel, PowerPoint, Outlook, Access, and OneDrive in an easy-to-follow, task-based format. Topics covered include how to use the main features that come with each Office application, how to synchronize documents between devices, and how to collaborate with others. • Master core skills you can use in every Office 2016 program • Quickly create visual documents with advanced formatting and graphics • Build complex documents with columns, footnotes, headers, and tables • Enter and organize Excel data more accurately and efficiently • Quickly move, copy, delete, and format large amounts of data with Excel ranges • Use charts to make data more visual, intuitively understandable, and actionable • Add pizzazz to PowerPoint slide shows with animations and transitions • Use Outlook 2016 to efficiently manage your email, contacts, and calendar • Bring all your ideas and notes together in a OneNote notebook • Start building useful Access 2016 databases • Customize your Office applications to work the way you do • Store and share your Office files in the cloud with Microsoft OneDrive • Collaborate with others, including people using other versions of Office In addition, this book is part of Que ` s exciting new Content Update Program. As Microsoft updates features of Office 2016, sections of this book will be updated or new sections will be added to match the updates to the software. The updates will be delivered to you via a FREE Web Edition of this book, which can be accessed with any Internet connection. To learn more, visit www.quepublishing.com/CUP. How to access the free web edition: Follow the instructions within the book to learn how to register your book to access the FREE Web Edition.
