If you notice the 360 slowing down, clean out all of the filters and baskets. Start with the filter screen in the quick disconnect on the hose. In many cases, cleaning the screen in the quick disconnect will solve the problem and the 360 will operate as normal. If that doesn't work, clean out the skimmer and pump baskets and the pool filter.

towards the Polaris 360 pool sweep. If a backup valve is facing the wrong direction, it will be unable to move the pool sweep away from the corners.

How to Troubleshoot a Polaris 360 Backup Valve | Hunker

Troubleshoot the 360 to fix any errors in operation. Running with Less Power Than Normal. Since the 360 is basically an automatic vacuum cleaner for your pool, there may be times when the machine starts to slow down due to the filters clogging with debris. If you notice the 360 slowing down, clean out all of the filters and baskets. Start with the filter screen in the quick disconnect on the hose.

Gauge the depth at the deepest aspect of your pool. Cut the lead hose segment (the first portion of the hose that 's attached directly to the cleaner) to match the pool depth. Run the hose from the wall port to the distant point again. If it 's still too long, cut equal parts from the remaining hose sections.

Polaris Pool Cleaner Troubleshooting:
Top 10 Problems Solved

One of the first steps in Polaris pool cleaner troubleshooting for tangles is to check the hose length. You do need a little play in the hose so the cleaner can move freely, but a too-long hose will have a hard time swiveling along with the cleaner. It 's easy to figure out how long the hose needs to be.

Troubleshooting Guide

by-step instructions for manually solving the gunnery problem which can be applied within the framework of decisive action or unified land operations. It is applicable to any Army personnel at the battalion or battery responsible to delivered field artillery fires. The principal audience for ATP 3-09.42 is all members of the Profession of Arms. This includes field artillery Soldiers and combined arms chain of command field and company grade officers, middle-grade and senior noncommissioned officers (NCO), and battalion and squadron command groups and staffs. This manual also provides guidance for division and corps leaders and staffs in training for and employment of the BCT in decisive action. This publication may also be used by other Army organizations to assist in their
