Kara is the Last Valkyrie, and according to the scrolls, she will save the world, the Realms, well, everything really. She has an elf, a dragon, a dwarf, and scrolls that foretell the end of This story involved a lot of Norse mythology, which I'm vaguely familiar with, and it was a fun story with a paradox of formal language of the Elders and the current day slang of Kara.

Un genocidio ha spazzato via le Valchirie, le uniche messaggere capaci di viaggiare liberamente fino ad Asgard e nel Valhalla, oltre agli Dei. Allo stesso tempo, una magia nera tiene segregati gli Dei ad Asgard fino a quando il Ragnarok non sarà completo, e tutti gli Dei e i regni saranno distrutti, in modo che nuove divinità possano salire al trono. La nascita di Kara su Midgard non è stata registrata e, dalla morte della sua stirpe, ha vissuto nascosta presso il Drago a cui darebbe l'anima. Il suo amore per Zane è un pozzo senza fondo e, nonostante la compagna del Drago sia morta nel genocidio, Kara non può fermare i suoi sentimenti. Non riesce a controllare il suo cuore più di quanto non riesca a capire come essere una Valchiria e liberare gli Dei. Zane è stato il suo mondo per più di due secoli, mantenendo segreti che potrebbero mandarla completamente in frantumi. Rune ha concubine e contratti, ma adesso ha il compito di insegnare la magia a una Valchiria ormai sola per fermare la Nazione Pro Ragnarok, come lui stesso la chiama. Rune non prende parti, ma conosce il piacere... lo conosce molto, molto bene. Qualcosa di cui Kara ha bisogno da moltissimo tempo e che le è sempre stato negato. Il suo cuore appartiene a Zane, il suo Drago, ma lui non è mai stato davvero suo, vero? Un viaggio attraverso l'amore, il lutto, la magia e la redenzione nel più improbabile dei luoghi. Unitevi a Kara, l'ultima Valchiria, e scoprite insieme a lei verità, menzogne, lussuria e perdite mentre tenta di imparare come essere una Valchiria. Kara darebbe la sua stessa anima per dimenticare i segreti che ha scoperto. * * * Consigliata la lettura ai maggiori di diciotto anni per i contenuti espliciti. Questo è il primo romanzo di una trilogia: tre inverni, tre libri. Alcuni elementi si concludono al termine di ciascun volume,

ma si aggiungeranno molte domande fino al terzo libro, quando tutte le maschere cadranno. Buona lettura! * * * DICONO DEL LIBRO: «Da dove cominciare? Questo romanzo ha tutto ciò che potreste volere per immergervi in un'avventura strepitosa. Romanticismo, suspense, personaggi sexy... okay, sono personaggi MOLTO sexy. Momenti strappalacrime si alternano ad altri divertenti. Jennifer ha creato un mondo che mischia elementi reali con il fantasy e lo ha fatto in modo da farlo sentire vero.» (All About Books Blog) «Quando leggo l'opera di un'autrice e me ne innamoro, in genere mi aspetto che il suo prossimo libro non mi sorprenda, non che mi scocchi al punto da lasciarmi senza parole e con il desiderio di volerne ancora. Jennifer Sage riesce a farlo ogni volta con ogni libro!» (Have You Heard? Book Blog) «Ho fatto un drammatico ed eccitante cambio di passo dalle mie solite letture quando ho voltato la prima pagina di The Last Valkyrie. Mi sono immediatamente imbarcata in un viaggio nel paranormale che mi ha tenuto inchiodata fino all'ultima parola. A differenza delle ultime opere paranormali che ho letto di recente, The Last Valkyrie è scritto splendidamente ed è un meraviglioso inizio per una grande storia.» (Books2Blogs)

Kára is the last Valkyrie left after a genocide that wiped out her kind more than two centuries ago. Trapped on Midgard, she's unable to reach the Gods in order to stop Ragnarök, and knows little of her own magick with no one to teach her about her Valkyrie lineage. She was protected from death in the genocide, only to be left with too little understanding of how she can help at all. Asgard has been cut off from the realms with black magick by those in favor of the Twilight of the Gods, Ragnarök, concluding. Zane, the infuriating Dragon himself, has taught her well in steel and force, but even he, as ancient and powerful as he is, doesn't know the secrets she needs to learn in order to reach the Gods before unfathomable destruction rains down on Midgard-and every other realm. He's keeping secrets though, and she's determined to figure them out. She'll want to trade her very soul to unlearn them before it's all said and done though. She knows nothing of loss and love, not truly, but she will. An emotional journey of love, loss, magick, friendship, and redemption. Join Kara, the last Valkyrie, as she discovers truths, lies, love, and loss, all while trying to learn how to be a Valkyrie. This is a full length novel, but is the first in a trilogy. Release dates for the completed series are: Book 1: 11/1/2020 (Re-release: Completely revised to fit the general romance market) Book 2: 11/11/2020. (On pre-order) Book 3: 11/23/2020 (On pre-order) What Bloggers are saying: All About Books Blog "Where to start? This book has everything you could want to immerse yourself and take you on a interesting adventure. Romance- PLENTY. Suspense... Some cute elements and heartbreaking moments, with some humor thrown in. Jennifer created a world that mixed real elements with fantasy, and did it where you could actually feel that it was real." Have You Heard? Book Blog "Holy Hel (you'll understand why I spelled Hel that way when you read this story)!!!!!! When I read an author's work and completely fall in love with him or her, I typically expect their next book to not surprise me - not shock me into speechlessness and leave me gasping, hungering for more. Jennifer Sage does it EVERY SINGLE TIME with EVERY SINGLE BOOK!!" Books2Blogs "I took a dramatic and exciting change of pace from my usual rom-com genre when I turned the first page of The Last Valkyrie. I immediately embarked on a paranormal journey that kept me in its grip till the very last word. Unlike any paranormal story I've read of late, The Last Valkyrie is beautifully written and a wonderful beginning to a great story."

Hunter is a ruthless killer. And the Department of Defense has him firmly in their grasp, which usually doesn't chafe too badly because he gets to kill bad guys. Most of the time he enjoys his job. That is, until he's saddled with something he's never had to do before: protect a human from his mortal enemy. Serena Cross didn't believe her best friend when she claimed to have seen the son of a powerful senator turn into something...unnatural. Who would? But then she witnesses her friend's murder at the hands of what can only be an alien, thrusting her into a world that will kill to protect their secret. Hunter stirs Serena's temper and her lust despite their differences. Soon he's doing the unthinkable breaking the rules he's lived by, going against the government to keep Serena safe. But are the aliens and the government the biggest threats to Serena's life...or is it Hunter?

In The Militant Middle Ages Tommaso di Carpegna Falconieri delves into common perceptions of the Middle Ages and how these views shape current political contexts, offering a new lens for scrutinizing contemporary society through its instrumentalization of the medieval past.

It is the third and final year of Fimbulvetr, the long and cold winter that precedes the end of the Nine Worlds. Midgard lies asleep under a thick layer of ice and snow. The city of men have fallen prey to ravenous wolf packs and bloodthirsty marauders. Gods, trolls and giants ready their weapons and magics for the last battle between Order and Chaos. All prepare for Ragnarok, the ultimate clash of the gods. All except Valhalla, whose tall walls are beset by deafening silence ... No singing or clash of swords can be heard. Sitting on his crumbling throne, Odin sleeps a long and dreamless sleep, waiting for the return of his memory from the inscrutable ocean of the universe and with it his strength to stand up to the Nine World and foster the flourishing of a new beginning. The book includes an essay on Norse mythology.

Angels do not have wings. But they do have fangs and some curse like sailors. The Guardians, a once Mortal group of warriors, exist to hunt the Shadow Demons in our forgotten world. Their bloodline allows them at the time of their death to rise and fight in the war that rages all around, unseen by human eyes. For over a thousand years, Keltor, one of the oldest warriors, has fought after losing everything he loved at the hands of a Demon. He has taken no comfort except in his vengeance against the beings that stole his heart and life. Then one day, it begins to pound in his chest again when he sees her, the Keeper. Elizabeth is a human that suddenly begins to see things that shouldn't exist. The story that she couldn't write is now right in front of her eyes, literally. As is a breathtakingly gorgeous, leather clad warrior with a heavy brogue that is completely off limits per the laws of the new world she is thrust into. She is a Keeper, a balance between the light and dark who has within her the power to tilt the scales one way or another in this war with her choices. Somehow she made it thirty years in this world hidden from both sides. An epic struggle for her soul begins as she learns who she is and tries to accept that it's the Keeper's pull attracting her to Keltor, nothing more. A warrior that lost his heart long ago, a woman that has never really known her own. Each Guardian only gets one Mate and when they are found, there is nothing in the Seven Hells or the Heavens that could keep them apart. Is it the magic of the Keeper's soul, or is she His?

It portrays the existential struggles and downfall of an entire people, the Burgundians, in a military conflict with the Huns and their king."--Jacket.
