Now an award-winning Netflix film by Jane Campion, starring Benedict Cumberbatch and Kirsten Dunst: Thomas Savage's acclaimed Western is "a pitch-perfect evocation of time and place" (Boston Globe) for fans of East of Eden and Brokeback Mountain. Set in the wide-open spaces of the American West, The Power of the Dog is a stunning story of domestic tyranny, brutal masculinity, and thrilling defiance from one of the most powerful and distinctive voices in American literature. The novel tells the story of two brothers — one magnetic but cruel, the other gentle and quiet — and of the mother and son whose arrival on the brothers' ranch shatters an already tenuous peace. From the novel's startling first paragraph to its very last word, Thomas Savage's voice — and the intense passion of his characters — holds readers in thrall. "Gripping and powerful...A work of literary art." —Annie Proulx, from her afterword

Follows the story of two brothers in 1920s Montana as their already-fragile relationship is impacted by the arrival of a woman and her young son.

Now a major Netflix film by Jane Campion, starring Benedict Cumberbatch and Kirsten Dunst: Thomas Savage's acclaimed Western is "a pitch-perfect evocation of time and place" (Boston Globe) for fans of East of Eden and Brokeback Mountain. Set in the wide-open spaces of the American West, The Power of the Dog is a stunning story of domestic tyranny, brutal masculinity, and thrilling defiance from one of the most powerful and distinctive voices in American literature. The novel tells the story of two brothers -- one magnetic but cruel, the other gentle and quiet -- and of the woman and young boy, mother and son, whose arrival on the brothers' ranch shatters an already tenuous peace. From the novel's startling first paragraph to its very last word, Thomas Savage's voice -- and the intense passion of his characters -- holds readers in thrall. "Gripping and powerful...A work of literary art." --Annie Proulx, from her afterword

The seemingly disparate lives of a DEA agent, a drug lord, a call girl, a hit man, and a priest intertwine around a nexus of the drug trade involving the Latin American drug cartels, the American underworld, and the U.S. government, from the rise of the Mexican drug Federacion in the 1970s to the present day. Reprint. 17,500 first printing.

The wife of a man who was institutionalized after an accident left him violently brain damaged describes her efforts to rebuild her life in a small country town with three dogs, a process during which she struggled with a very different relationship with her husband, passed her days knitting, and found comfort in friendships and her changing perceptions about life. Reader's Guide included. Reprint.

Thomas Savage (1915-2003) was one of the intermountain West's best novelists. His thirteen novels received high critical praise, yet he remained largely unknown by readers. Although Savage spent much of his later life in the Northeast, his formative years were spent in southwestern Montana, where the mountain West and his ranching family formed the setting for much of his work. O. Alan Weltzien's insightful and detailed literary biography chronicles the life and work of this neglected but deeply talented novelist. Savage, a closeted gay family man, was both an outsider and an insider, navigating an intense conflict between his sexual identity and the claustrophobic social restraints of the rural West. Unlike many other Western writers, Savage avoided the formula westerns so popular in his time and offered instead a realistic, often subversive version of the region. His novels tell a hard, harsh story about dysfunctional families, loneliness, and stifling provincialism in the small towns and ranches of the northern Rockies, and his minority interpretation of the West provides a unique vision and caustic counternarrative contrary to the triumphant settler-colonialism themes that have shaped most Western literature. Savage West seeks to claim Thomas Savage's well-deserved position in American literature and to reintroduce twenty-first-century readers to a major Montana writer.

"Born the child of a poor farmer in Missouri, William Stoner is urged by his parents to study new agriculture techniques at the state university. Digging instead into the texts of Milton and Shakespeare, Stoner falls under the spell of the unexpected pleasures of English literature, and decides to make it his life. Stoner is the story of that life"--Publisher description (January 2007).

The unflinching story of a professional oboist who finds order and beauty in music as her personal life threatens to destroy her. Music was everything for Marcia Butler. Growing up in an emotionally desolate home with an abusive father and a distant mother, she devoted herself to the discipline and rigor of the oboe, and quickly became a young prodigy on the rise in New York City's competitive music scene. But haunted by troubling childhood memories while balancing the challenges of a busy life as a working musician, Marcia succumbed to dangerous men, drugs and self-destruction. In her darkest moments, she asked the hardest question of all: Could music truly save her life? A memoir of startling honesty and subtle, profound beauty, The Skin Above My Knee is the story of a woman finding strength in her creative gifts and artistic destiny. Filled with vivid portraits of 1970s New York City, and fascinating insights into the intensity and precision necessary for a career in professional music, this is more than a narrative of a brilliant musician struggling to make it big in the big city. It is the story of a survivor. One of 2017's 35 over 35 One of the Washington Post's Top 10 Classical Music Moments of the Year

This is the story of John Metlen and Martin Connard, both founding fathers of the town of Grayling, Montana, and their families. Beginning in 1890, the novel chronicles the complex relationship between two generations of these clans.

"[Jason Pargin] has updated the Lovecraft tradition and infused it with humor that rather than lessening the horror, increases it dramatically. Every time I set the book down down, I was wary that something really was afoot, that there were creatures I couldn't see, and that because I suspected this, I was next. Engaging, comic, and terrifying." [Joe Garden, Features Editor, The Onion "[Pargin] is like a mash-up of Douglass Adams and Stephen King... 'page-turner' is an understatement." [Don Coscarelli, director, Phantasm I-V, Babba Ho-tep "That rarest of things—a genuinely scary story." [David Wellington, author of Monster Island, Vampire Zero "JOHN DIES AT THE END has a cult following for a reason: it's horrific, thought-provoking, and hilarious all at once. This is one of the most entertaining and addictive novels I've ever read." [Jacob Kier, Publisher, Permuted Press STOP. You should not have touched this flyer with your bare hands. NO, don't put it down. It's too late. They're watching you. My name is David. My best friend is John. Those names are fake. You might want to change yours. You may not want to know about the things you'll read on these pages, about the sauce, about Korrok, about the invasion, and the future. But it's too late. You touched the book. You're in the game. You're under the eye. The only defense is knowledge. You need to read this book, to the end. Even the part with the bratwurst. Why? You just have to trust me. The important thing is this: The sauce is a drug, and it gives users a window into another dimension. John and I never had the chance to say no. You still do. I'm sorry to have involved you in this, I really am. But as you read about these terrible events and the very dark epoch the world is about to enter as a result, it is crucial you keep one thing in mind: None of this was my fault.
